Dear Mr. Fortkiewicz:

This letter is in response to your request for additional information, dated 5/12/14.

1. Your letter indicates that several of the employer and occupation entries have incomplete or missing information and that the full name of each donor is required. The Committee does follow the three-fold process of best efforts required to meet the Commission standards.

Every solicitation includes a clear and conspicuous request for contributor information and informs the contributor of the requirements of federal law for the reporting of such information. Please note that the many of the contributions are received via the internet and that the Committee's donor page will not allow a contributor to give without completing the name, employer and occupation information. The Committee disclosed these exactly as the contributor entered them and, in most cases, the contributor has not provided additional information.

If the information is not initially received, within 30 days of receipt, the contributor receives a request to provide this information. Any follow up request clearly asks for the missing information and does NOT contain a solicitation for a new contribution. These requests are generally made by phone and email and by letter. This request restates the requirements of federal law for reporting of such information. If the request is sent by mail, it includes a pre-addressed return envelope. If the information is received by the Committee, it is updated and the affected report will be amended to reflect the new information or the Committee will submit the new information via miscellaneous filing, per the analyst's instructions.

The above referenced report has been amended to reflect all new donor information.

2. Your letter notes that the Committee disclosed an expenditure(s) for PAC Direct Mail on schedule B, line 21b. The Committee is fully aware of the requirement to disclose any expenditure that is a public communication that contains express advocacy as an independent expenditure on Schedule E, Line 24. The Committee files independent expenditures regularly. PAC Direct Mail clearly indicates this is direct mail to benefit the PAC and is accurately disclosed on line 21b. The Commission has specifically directed the Committee in the past to use the word PAC in disbursement descriptions to clarify that these are operating expenditures and NOT independent expenditures or in-kind contributions made to other federal committees. The Committee believes no further action is necessary related to this notation.

Sincerely,

R. Russ Walker
Treasurer
